		Year				

All students must have immunization records transferred to the Florida State Forms, charges will be billed to your NBPS account. Any student with incomplete immunization records will receive immunizations required by the state law. The fees will be billed to your NBPS account. Please make every effort to obtain all immunizations before departure from your country. Immunizations are very expensive and not covered by insurance.

State Requirements

DTP/DTaP - 5 doses required. If the 4th primary dose is administered on or after the 4th birthday a 5th dose is not required.

DT - (pediatric) is acceptable if pertussis vaccine is medically contraindicated. (Complete Part C for pertussis contraindication.)

Td - (Adult) vaccine is recommended for children 7 years of age or older.

Polio - 4 doses required. If the 3rd dose in an all OPV or all IPV series is administered on or after the 4th birthday, a 4th dose is not required. Polio vaccine is not required for children 18 years of age or older.

Hib - is required for child care, family day care and preschool entry and attendance only.

MMR (Combines)-First dose valid if given on or after 1st birthday. Second dose (measles) valid if given at least 1 month after 1st dose. A 2nd dose of measles (preferably MMR) is required for students in grades K-6 and 7th grade entry and attendance effective with the 1997/1998 school year. In each subsequent year thereafter, the next highest grades are included.

MMR (Separate)- Includes single Measles vaccine (G) single mumps vaccine (H) or single rubella vaccine (I).

Hepatitis B -Vaccine series is required for 7th grade entry and attendance effective with the 1997/1998 school year and kindergarten entry and attendance effective with the 1998/1999 school year. In each subsequent year thereafter, the next highest grades are included. Hepatitis B vaccine series is required for preschool entry and attendance effective with the 2001/2002 school year.

Varicella - Vaccine is required for the entry and attendance in preschool and kindergarten effective with the 2001/2002 school year. In each subsequent year thereafter, the next highest grades are included. Susceptible children 13 years of age or older should receive 2 doses, given at least 4 weeks apart. Varicella vaccine is not required if child has documentation of history of varicella disease.
